# OP Mobile: Patient Search

Last Modified on 08/18/2020 2:22 pm EDT

Version 20.5

The content in this article is relevant to the New OP Mobile.

## Search for a Patient

1. After logging in to OP Mobile, navigate to one of following locations:

- **Messages > Compose button > Patient Search field**
- **Patients > Patient Search field**
- **Upload File > Photo ID > Patient Search field**
- **Upload File > Encounter Image > Patient Search field**

2. Click the **Search** field.

3. Enter any of the following patient information in the Search field to find a Patient:

- **Patient ID** - Enter the complete Patient ID Number.

Patients

x 7403 Search

SCOTT MESCUDI  
ID: 7403 M: DOB: 2/2/2010

- **Name**: The patient search by name is the same format as searching for a patient in OP.

### Examples:

- De la Hoya, Oscar: The last name starts with De la Hoya and first name starts with Oscar.
- Smi, Jo: The last name starts with Smi and the first name starts with Jo.
- Poppins: The last name starts with Poppins.
- ,Jane: The first name starts with Jane.

Patients

x mesculdi Search

SCOTT MESCUDI  
ID: 7403 M: DOB: 2/2/2010

- **Phone Number**: A # symbol followed by at least 4 numbers. You can omit the # symbol if you enter a value as a phone number. You can specify international numbers by starting with a + symbol and the country code. By default, the application assumes a US phone number.
- **Email Address** ([you@me.com](mailto:you@me.com)): Enter a value of an email address. Must start with non-whitespace characters followed by an @.

### Examples:

- [jeb@hotmail.com](mailto:jeb@hotmail.com): email starts with jeb@hotmail.com
- [greg@connex](mailto:greg@connex.com): email starts with greg@connex
- [musiclover52@](mailto:musiclover52@): email starts with musiclover52@

- **DOB**: Enter a date of birth, you can prefix it with an & symbol. Dates with forward slashes are assumed to be US dates

in the mm/dd/yyyy or m/d/yy format. If only a 2 digit year is supplied, the full year is assumed to be 19yy. The ISO standard format for dates, yyyy-mm-dd is also accepted.

4. Click the **Search** button or press the **Enter** key on your keyboard. The search results are displayed.
5. Select a patient name to display the patient chart.
