

Disclosure Tracking for Printed Medical Records

Last Modified on 04/08/2021 2:09 pm EDT

About

Medical Record Disclosure Tracking provides tracking for any items printed from a patient's chart. The following is a list of the printable windows in OP that trigger the Medical Record Disclosure Tracking window. These items are included in the **audit trail** and are represented in the **Disclosures** Item Type in Document Management.

- Basic Information (Demographics)
- Complete Medication List
- Cover Letter
- Developmental Notes
- Diagnostic Tests
- General Letter
- Growth Charts
- Messages
- Message List
- Milestones
- Encounter Details
- Encounter List
- Immunizations
- Immunization Forecast
- Past Medical/Family/Social History
- Problem List
- School/Camp Forms
- Well Visit Details
- Well Visit List
