OPEN 22 Update Instructions

Click here to open and print a PDF copy of the OPEN 22 Update Instructions.

> In order to install OPEN 22, please confirm that your practice is running OP Application 21.1.1 or newer. If you are not on
>
> that version, please update your OP application first. Release notes can be found here.
>
> **Note**:
> - DO NOT UNINSTALL OPEN 21 until after OPEN 22 is completely installed and verified to be functioning.
> - OPEN interacts with several components of OP, so any installations should take place when no users are logged in
>   or actively using OP. As such, **we recommend that the installation of OPEN 22 should be scheduled to take place**
>   **outside of regular business hours**.
