

# Choose Report Parameter(s)

Last Modified on 08/12/2021 8:50 am EDT

Version 14.19

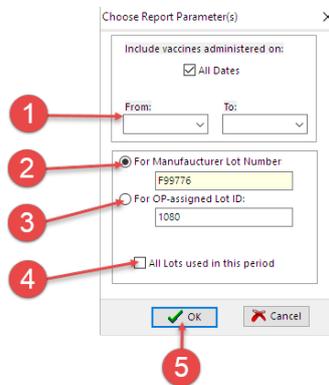

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

## About Choose Report Parameter(s)

**Path: Practice Management tab > Manage Vaccine Inventory button > Print Lot # button**

The Choose Report Parameters window sets the parameters to report how many patients received a vaccine from the vaccine inventory.

## Choose Report Parameter(s) Map

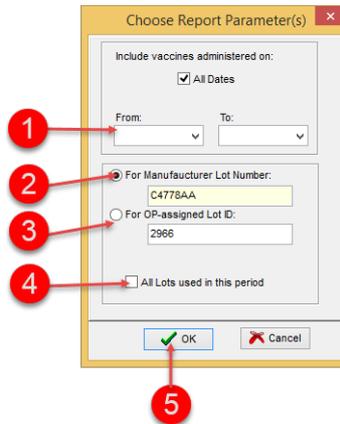

Number	Section	Description
1	Date Range	The Date range sets all dates or a specified set of dates when the vaccine was administered.
2	Manufacturer Lot Number	Using the manufacturer lot number brings up all lots within your date range that have that specified lot number.
3	OP Assigned Lot ID	Clicking on the radio button and using the OP assigned lot ID pulls the specific lot that was highlighted prior to clicking the <b>Lot #</b> button.
4	All Lots used in this period	If you are looking for a specific lot, check off the box next to "All Lots used in this period".
5	OK button	Once all the report parameters are selected, click the <b>OK</b> button to generate the report.

Version 14.10

## About Choose Report Parameter(s)

**Path: Activities Menu > Maintain Vaccine Inventory > Lot # button (Keyboard Shortcut keys: [Alt] [A][V])**

The Choose Report Parameters window sets the parameters to report how many patients received a vaccine from the vaccine inventory.
