

Daysheet Log

Last Modified on 08/13/2021 3:27 pm EDT

Version 14.19

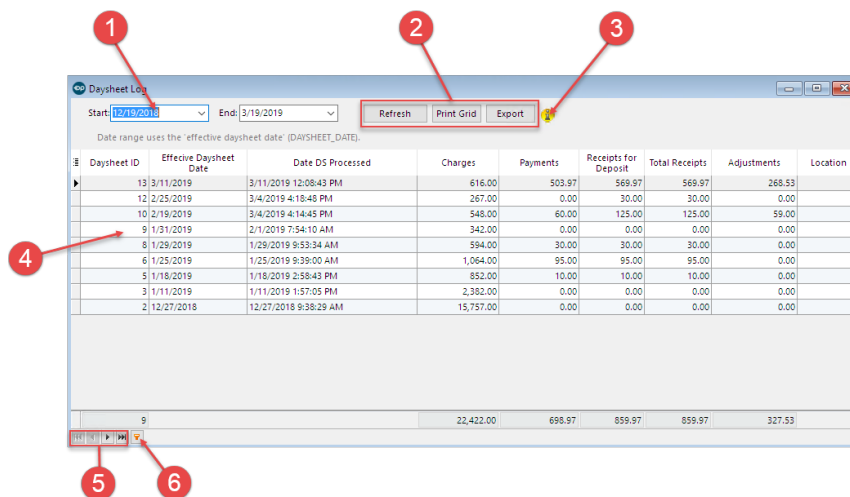

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

About Daysheet Log

Path: Billing tab > Logs button > Daysheet Log

The Daysheet Log shows when the Daysheet was run on a specific day. It displays the charges, payments, receipts for deposit, total receipts, adjustments, and location. The log is read-only and can be printed or exported.

Daysheet Log Map

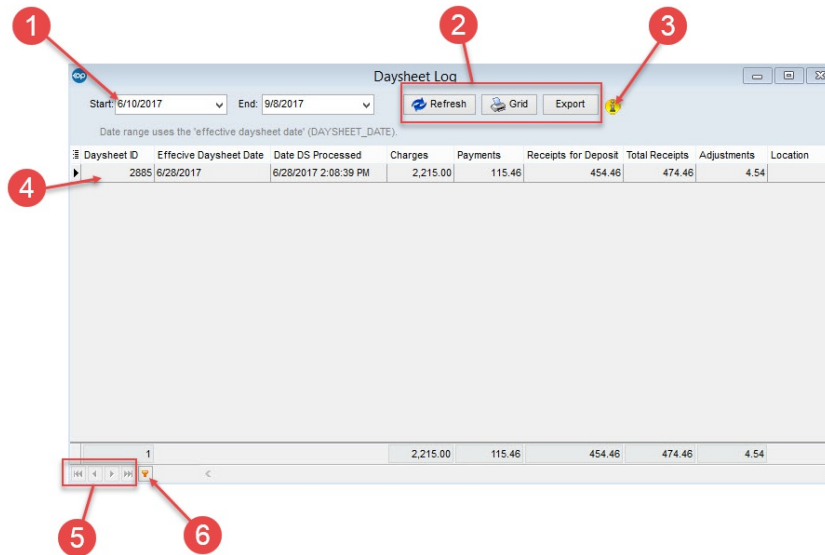

Number	Section	Description
1	Start and End Dates	The Start and End Date fields set the date range to display the daysheet logs that were processed during that time frame.
2	Function Buttons	The function buttons refresh the Daysheet Log results, print the daysheet log grid, and export the Daysheet Log as an .xls or .csv file.
3	About icon	The About icon displays information about the Daysheet Log.
4	Daysheet Log Grid	The Daysheet Log grid displays the Daysheet Log results based upon the dates set in the Start and End Date fields.
5	Navigation Buttons	The navigation buttons scroll through the Daysheet Log pages.
6	Filter Builder	The Filter Builder sets conditions to display the Daysheets in the Daysheet Log.
