

Diagnostic Test Requisition Form

Last Modified on 08/13/2021 3:48 pm EDT

Version 14.19

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

About Diagnostic Test Requisition Form

Path: Clinical tab > Patient Chart button > Diagnostic Tests > New In-House, New Send-Out, or New Legacy buttons

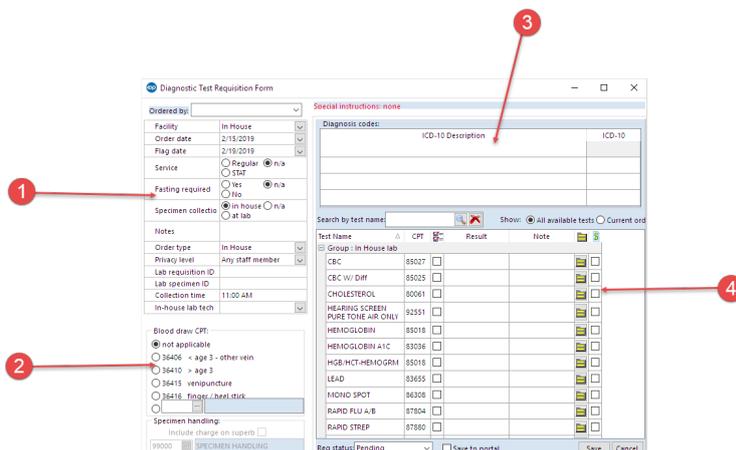

The Diagnostic Test Requisition form orders in-house or outside tests or labs.

- The In-House Diagnostic Test Requisition form records any lab work and screenings done completely in the office.
- The Send-Out requisition form is used for any labs/screening tests that are partially or completely processed in another facility.
- The Legacy Requisition form adds legacy (historical) diagnostic test results. Enter as many results as you need in this form and then click the **Save** button to save the entire group.

The mapping below shows the Diagnostic Test Requisition Form window for the In-House and Send-out Diagnostic Test Requisition form.

Note: Diagnostic tests ordered and recorded from the Diag Tests tab and *not* from the Assess/Plan tab will be displayed in the summary of the note.

Diagnostic Test Requisition Form Map

Number	Section	Description
1	Requisition information	The requisition information panel lists the test/lab location, order date, flag date, service, fasting, notes, order type, requisition ID, specimen collection, collection time, and tech.
2	Blood Draw CPT information	The Blood Draw CPT field group indicates the blood draw location and CPT code. This includes the Include charge on the superbill box.

3	Diagnosis Codes	The Diagnosis Codes panel lists the ICD-10 descriptions.
4	Diagnostic Tests	The Diagnostic Tests list orders diagnostic tests, show test results, and make notes on the tests.

Version 14.10

About Diagnostic Test Requisition Form

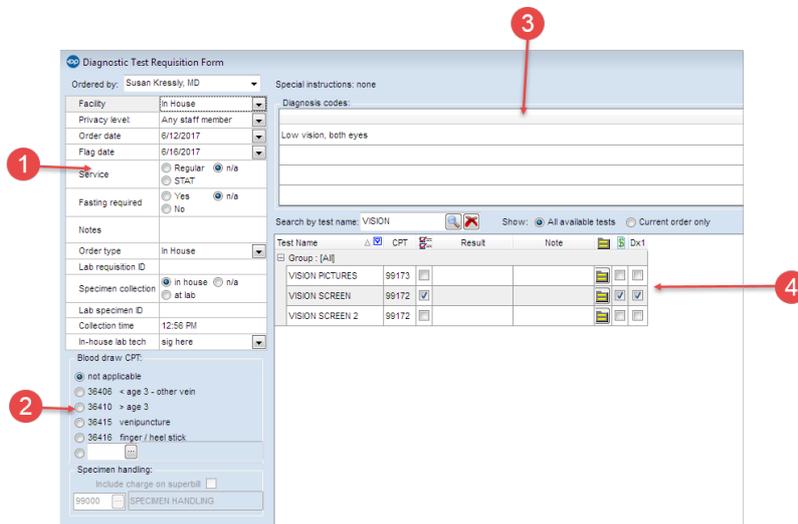

Path: Smart Toolbar > Chart button > Diag Test tab > + In-House, + Send-Out, or + Legacy buttons

The Diagnostic Test Requisition form orders in-house or outside tests or labs.

- The In-House Diagnostic Test Requisition form records any lab work and screenings done completely in the office.
- The Send-Out requisition form is used for any labs/screening tests that are partially or completely processed in another facility.
- The Legacy Requisition form adds legacy (historical) diagnostic test results. Enter as many results as you need in this form and then click the **Save** button to save the entire group.

The mapping below shows the Diagnostic Test Requisition Form window for the In-House and Send-out Diagnostic Test Requisition form.

Warning: Diagnostic tests ordered and recorded from the Diag Tests tab and NOT from the Assess/Plan tab will appear in the summary of the note if you are on version 14.8.16. If on an older version the order will NOT appear as orders in the summary of the note.

The screenshot shows the 'Diagnostic Test Requisition Form' window. Callout 1 points to the 'Service' section with radio buttons for Regular, STAT, Yes, and No. Callout 2 points to the 'Blood draw CPT' section with radio buttons for 'not applicable' and various CPT codes (38406, 38410, 38415, 38418). Callout 3 points to the 'Diagnosis codes' section with a text input field containing 'Low vision, both eyes'. Callout 4 points to the 'Test Name' table, which lists 'VISION PICTURES', 'VISION SCREEN', and 'VISION SCREEN 2' with their respective CPT codes and checkboxes for 'Result' and 'Note'.
