

# Vaccine Tracking

Last Modified on 09/27/2021 10:40 am

Version 20.13

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

## About Vaccine Tracking

Path: Clinical, Practice Management, or Billing tab > Patient Chart > Immunizations > Print button

The Vaccine Tracking window configures and determines the vaccine report to print.

### Vaccine Tracking Map

Number	Section	Description
1	Vaccine Tracking Statement	The Vaccine Tracking Statement provides a quick look at the statement that will be reported.
2	Reactions	The Reactions field provides a list of patient reactions.
3	Allergies	The Allergies field provides a list of patient allergies.
4	Message	The Message field indicates any special notes for the patient or parent/guardian that will print on the report.
5	Status Indicators	The Status Indications field provides the status of the vaccines.
6	Report Options	<ul> <li>Save: Saves any changes made to the report fields.</li> <li>Delete: Deletes all information in the report fields.</li> <li>Cancel: Cancels any changes made to the report fields.</li> </ul>
		The Print Reports group determines the report to print. The reports that can be printed include:

7	Print Reports	<ul> <li>Immunization Status Letter</li> <li>List with All Details</li> <li>Immunization Status with Growth Info</li> <li>Immunization Chart Only</li> </ul>
