About Clinical Work: Diagnostic Tests

> **Path: Main Navigation Panel > Received or Reviewed button**

The Clinical Work window contains the Diagnostic Tests tab. The Diagnostic Tests tab lists pending lab requisitions, which include partial results received or reviewed, to complete. In addition, you can monitor diagnostic tests and perform follow up.

Clinical Work: Diagnostic Tests Map

Number	Section	Description
1	Scope	The Scope field narrows the parameters for the displayed tab. Users must have the **Messaging_Allow_View_All_Messages** permission in their profile to see the Scope field.
2	Diag Test Tab	The **Diag Tests Tab** of the Clinical Work Window.

|		
3	Diag Tests Sub tabs	• The **Pending Requisitions** tab lists open lab requisitions. • The **Unmatched Received Results** tab displays any unmatched received results for the selected date range. • The **Results Received/Reviewed** tab shows the received/reviewed requisitions and orders. The status of the requisition can be changed using the drop-down in the Requisition **Status** column. • The **Review Date Range** tab displays all labs for the selected date range. • The **Failed Results** tab displays all failed labs for the selected date range.
4	Requisitions grid	The Requisitions grid lists lab requisitions.
5	Requisition Details button	The Requisition Details button opens the Requisition Details window, which contains all the details for the diagnostic test requisition. Requisition Details can be edited in the window.
6	Orders/Results grid	The Orders/Results grid lists the orders/results from the selected lab requisition. This section of the window includes: • A **Filter by** drop-down to filter what is displayed in the Orders/Results grid • A **Review All** button to mark all Orders/Results as reviewed • An **expand all** checkbox to expand all of the Orders/Results in the grid • A **Show All** checkbox to display all of the results received for the selected requisition
7	Order Details button	The **Order Details** button opens the Order Detailswindow, which displays the details for the panel/test that was ordered. The order details can be edited in the window.
