# Enabling Billing Center Permissions

Last Modified on 10/10/2023 3:54 pm EDT

Version 14.19

## Overview

In order to look at the OP's Billing Center, a user must have the Billing_Overview permission enabled. You may assign this permission to a group or to individual users, or both.

## Enabling for Individual Users

For instructions on how to assign **Billing_Overview** to individual users, see **Manage User Permissions**.

## Enabling for a Group of Users

For instructions on how to assign **Billing_Overview** to a group, see **Manage Group Permissions**.

Version 14.10

## Overview

Office Practicum has introduced a powerful new financial tool, but you have control over who has access to it. You may either add the new Billing_Overview permission to a group or assign it to individual users, or both!

## Enabling for Individual Users

For instructions on how to assign **Billing_Overview** to individual users, see **Manage User Permissions**.

## Enabling for a Group of Users

For instructions on how to assign **Billing_Overview** to a group, see **Manage Group Permissions**.
