

Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

Vaccine Name vs Brand Name

Last Modified on 12/10/2019 10:25 am EST

Version 14.19

The OP Vaccine Names are entered into the system according to their components to ensure consistent forecasting since there can be multiple Brand Names for the same vaccine. In OP there is also the Inventory Name, which can be changed to reflect the brand name of a vaccine to make it easily identifiable within your vaccine inventory.

Below are some of the common Vaccine Names in OP compared to their Brand Name(s):
