

Enter Historical Vaccines and Vaccines Given, BEFORE Using the Vaccine Inventory

Last Modified on 07/21/2023 11:01 am EDT

Version 14.19

Path: Clinical > Patient Chart > Immunizations tab

Overview

The information on this page will instruct you on entry of historic vaccines using Quick Entry. Quick Entry is used when vaccine documentation is necessary for update of a record for vaccines given outside the office or prior to the vaccine inventory being used to document vaccines given by the practice.

Enter Vaccines from the Vaccine Grid

1. Click the Patient chart tab to access the patient chart.

2. Click the Immunizations tab from the chart. The immunizations tab opens to the Forecast page.
