

Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

Objective: Medication Reconciliations Inbound Transitions of Care

Last Modified on 12/19/2019 12:35 pm EST

Tip: The information in this article is used for Meaningful Use Stage 2 (2018 and prior years). The information should *not* be used for Promoting Interoperability (formerly MU Stage 3, attestation years 2019 and after). If you need information for Promoting Interoperability, select from the links below.
