

Patient Chart: Disclosures

Last Modified on 09/14/2021 8:51 am EDT

Version 14.19

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

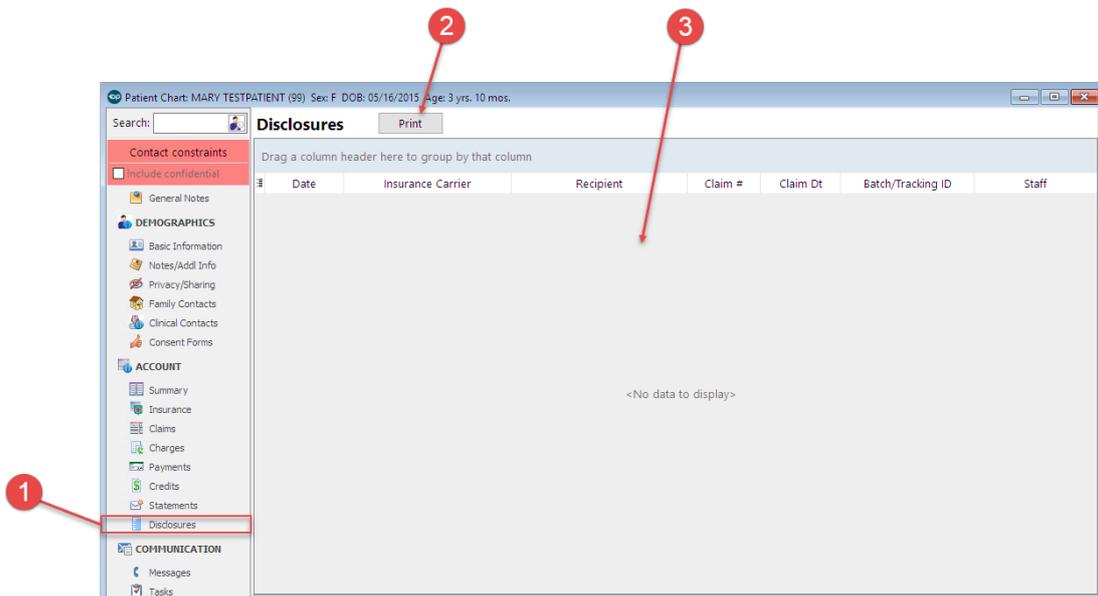

About Patient Chart: Disclosures

Path: Clinical, Practice Management, or Billing tab > Patient Chart button > Disclosures

The Disclosures window in a patient's chart displays the statements and claims that were generated and transmitted out of OP for the specific patient. All patient statements that were sent are listed as Patient in the Recipient column and include the date of when the statement was sent and the staff member who sent it. Claims are displayed with 837 Processor or Insurer in the Recipient column and also include the date and staff member as well as the claim batch number.

Note: Just like a paper chart, the electronic chart in OP contains personal health information and should be kept protected and confidential. Always close all windows on your screen and log out of OP when you are not at your workstation.

Patient Chart: Disclosures Tab Map

Number	Section	Description
1	Disclosures button	The Disclosures button accesses the Disclosures window in the Patient Chart.
2	Print button	The Print button prints the patient's Disclosure grid.
3	Disclosures Grid	The Disclosures grid displays the information for the patient statement(s) and claim(s) that were sent.

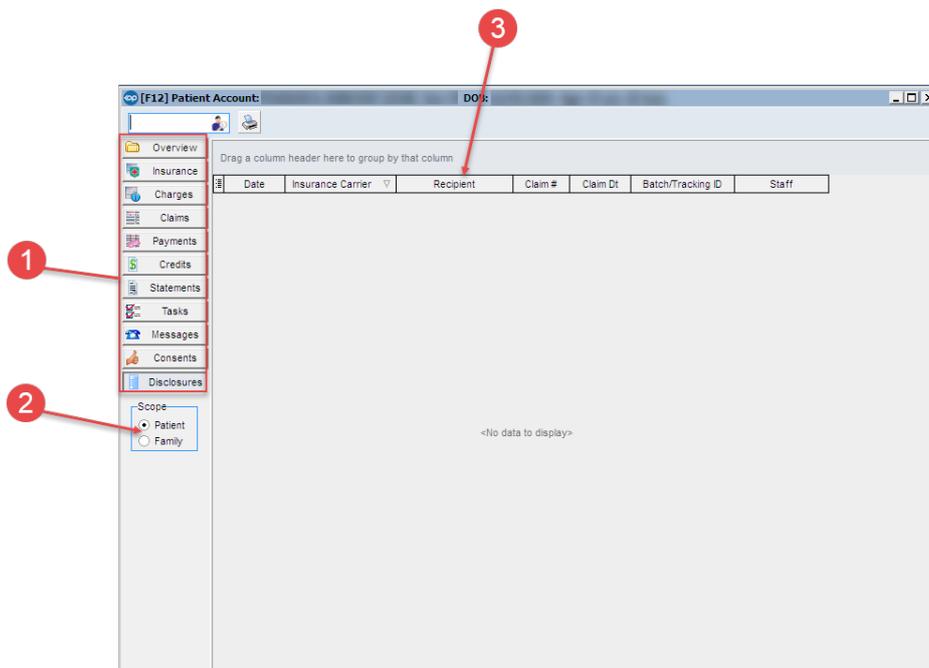

About Patient Account: Disclosures Tab

Path: Smart Toolbar > Account button > Disclosures tab

The Patient Account window maintains a patient's account. Some of the main functions that can be performed on a patient's account include:

- Enter a copay
- Post a charge manually
- Enter hospital charges
- Verify claim accuracy
- Post a patient payment
- Issue a patient refund
- Write an account note
- View claim history
- Print a CMS-1500
- Print a statement

The Disclosures tab displays the patient statements that were sent. All patient statements that were sent will be listed as Patient in the Recipient column. You can also see the date of when the statement was sent and the person who sent it.
