

Which report shows all appointment types for a provider for specific dates?

Last Modified on 12/22/2017 8:49 am EST

1. Open **OP Reports**, and log in.
 2. Open the **Administration** folder, then the **Schedule** folder.
 3. Double click the **Appts by Provider** report.
 4. Set the date range, and click **OK**.
- This report prints a count of each appointment type for each provider within the date range.
