

How do I print patient documents?

Last Modified on 01/12/2018 1:20 pm EST

To pull up a patient document, follow the steps below:

1. Click the **Docs** button.
2. Use the Patient Finder to search for the patient.
3. From the Document List panel on the left, select the document you want to print.

Then select one of the following ways to print the document:

1. Click the **Print Selected Record** button to print the selected scanned document.
 2. Click the **Print Image** button if you need to print the selected record with info.
