Office Practicum Medical Home Toolkit

Office Practicum offers a **PCMH Toolkit,** a secure portal that PCMH customers can access throughout the year to create the reports that support their PCMH competencies.

In addition to the reporting you need, within this self-service toolkit you'll find a ton of great information about each of the reports (including any caveats or notes with more context), a robust FAQ, and tips and tricks on how to accomplish elements that may not be as simple as generating & sending a report.

Registration

In order to access the toolkit, you will need to complete the quick and easy registration:

1. Locate your **OPMED ID** (in OP, click **Help** > **About**). For more information about where to locate your practice's ID number, check out this Help Center article.
2. Once you've got your OPMED ID,**complete the registration process** directly on the new PCMH Toolkit site! The self-registration will take less than a minute, and you'll receive your activation email within two business days.

Complete your registration at https://pcmhtoolkit.officepracticum.com

> 📌 **Note**: Click the link above to register for the PCMH Toolkit. Approval for access to the Toolkit may take up to 2 business days. After approval of your registration is complete, you will receive an email to the address you registered.
