

# Event Chronology: Report Sections Tab

Last Modified on 05/23/2019 11:00 am EDT

Version 14.19

## **Report Sections**

The tabs located in the Report Sections will list any selected chart information included when the report is selected to run. If additional information is needed you may select from the **Available to Add** tab.

### **Currently Included Tab**

This tab includes sections of the chart specific information already added to the selected report. Any selection found in this tab will be included when the report is selected from the **Chron** button on the Smart Toolbar. To remove an item in the Currently Included tab, highlight the line and click the delete located at the bottom of the window.
