

SQL: Miscellaneous and Billing Notes

Last Modified on 03/25/2022 9:16 am EDT

About

This report shows all active patients' Miscellaneous Notes and Billing Notes.

A sample image of this SQL report run in the Database Viewer is shown below:

The screenshot shows a Database Viewer window with the following details:

- Query name: Miscellaneous and Billing Notes
- Description: Shows all active patients' Miscellaneous Notes and Billing Notes.
- Results filename: (empty)
- SQL Query: `select patno, fname, lname, birthdat as dob, billing_note, referdby as misc_note, status_pat from register where status_pat = 'ACTIVE' and patno >99 order by patno`

The results are displayed in a table with the following columns: PATNO, FNAME, LNAME, DOB, BILLING NOTE, MISC NOTE, and STATUS PAT.

PATNO	FNAME	LNAME	DOB	BILLING NOTE	MISC NOTE	STATUS PAT
