

Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

Why can't I edit the requisition in OP?

Warning: This information is intended only for clients currently in the implementation or production phase with OP eLabs functionality.

Once a user has switched the OP Order Type to Electronic, the fields in OP are "locked down". They can be edited in the eLabs Order Form.
