

### Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

## Can I add the source site of a specimen?

**Warning:** This information is intended only for clients currently in the implementation or production phase with OP eLabs functionality.

If a test requires a source such as O&P (ova and parasite), you will be prompted to enter it in the eLabs Order Form. This is a free form text field that is driven by the lab as a required field depending on the lab that is ordered.
