> **Important Content Update Message**
> We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

Do I need to archive other lab facilities when using eLabs?

No. The user is choosing the lab while creating the requisition in the eLabs Order Form, so there is no need to archive other lab facilities that are currently in place in your system.
