

Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

Where can I see the labs that were ordered through a task?

Warning: This information is intended only for clients currently in the implementation or production phase with OP eLabs functionality.

If the order was generated from completing a task, the user will be prompted with an 'Ordered Tests:' list in red at the top of the Diagnostic Test Requisition Form in OP. This remains visible when the eLabs Order Form opens.
