About Patient Encounter: Implantable Devices

> **Path: Clinical, Practice Management, or Billing tab > Patient Chart button > Encounter > New or Open Note button > Implantable Devices**

The Implantable Devices window displays and documents a patient's implantable devices. This section of the Encounter Note is chart-driven, meaning that the information populated here is pulled from and pushed back to the same section in the Patient Chart.

Patient Encounter: Implantable Devices Map

Number	Section	Description
1	Implantables button	The Implantables button accesses the Implantable Devices window in the patient's Encounter Note.
2	Encounter Function buttons	The Function buttons delete an entire Encounter Note, edit an Encounter Note, or save an Encounter Note.
3	Function buttons	The Implantable Devices List function buttons: • **New**: Opens the **Add Implantable Device** or **Implantable Device Configuration** window (depending on the status of credentials). • **Edit**: The **Edit** button opens the **Edit Implantable Device** window to edit the selected implantable device record. • **Delete**: The **Delete** button deletes an implantable device from the implantable

		device list for the patient.
4	Active Only	The Active Only checkbox allows you to view only implantable devices that are active for the patient.
5	Implantable Device List	The Implantable Device list displays a patient's recorded implantable devices (active and inactive) and includes the device name, date of implant, SNOMED, expiration date, status, location, and inactive reason.
