About Inactive Implantable Device

Path: Clinical, Practice Management or Billing tab > Patient Chart button > Implantable Device > Status > Inactive

The Inactive Implantable Device window allows users to enter a reason for changing the status of an Implantable Device to Inactive. This free-text field entry is saved by clicking the OK button.

The screenshot shows a window titled "Inactive Implantable Device" with a close button (X) in the top right corner. Below the title bar is a text label "Reason for making this device inactive:" followed by a large, empty text input field. To the right of the input field, the text "Chars: (0)" is displayed in red. At the bottom right of the window is an "Ok" button.
