

### Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

# Objective 4: Computerized Provider Order Entry (CPOE)

Last Modified on 02/25/2020 1:05 pm EST

At time of attestation you will need a screenshot of the QIC and a download of the SQL to a CSV file. All information should be saved to your "Book of Evidence". This can be an electronic folder of all documentation for the reporting period.

## Objective 4: Computerized Provider Order Entry (CPOE)

### Measure 1: Entering Medications in the Patient Chart using CPOE

- >60% of medications created during the reporting period are recorded using computerized provider order entry.

#### DENOMINATOR:

- All medication prescribed during the reporting period, this includes controlled and non-controlled medications.
- Prescription with a Purpose beginning with Med - excluding Med - reference only.
- Prescription qualifies by Rx start date, not the date written.
- Will include prescriptions that were sent as a proxy where the provider was the Prescriber.

#### NUMERATOR:

- Prescription that qualified in the denominator excluding Med - unformatted.

**Note:** Exclusions for Objective 4/Measure 1:

- Less than 100 medications written during the reporting period.

## Measure 2: Entering Diagnostic Lab Orders in the Patient Chart using CPOE

## SQL for Objective 4

The QIC does not show patients that met and the patients that did not meet the Objective. Run the below SQL below for the detail information. A final run of the SQL should be done at time of attestation and saved to a CSV file for audit purposes. If you are not familiar with running SQL's, click [here](#) for detail information.

Click a link below to run the SQL for the measures of Objective 4.
