## Common LOINC Codes

**Note:** To quickly find the form you want in this table:

- **Filter:** Enter specific key words (or a character string) in the filter bar. As you enter characters in the filter bar, the rows not containing those characters will become hidden. The visible rows display based upon the characters in the row that match the characters in the filter bar. The more characters you enter, the more the table will be filtered. Please only use key words and correct spelling. You can use letters and numbers. **Do not use commas to separate keywords**
- **Sort:** You can sort A - Z and Z - A by clicking on a column header.

**Note:** JavaScript must be enabled in order to use the search and sort capability.
