How can I view a premie growth curve?

Last Modified on 02/04/2021 2:49 pm EST

To use the premie growth curve, for growth measurements and growth charts, the following information must be entered.

- 1. Navigate to the patient chart from Clinical, Practice Management or Billing tab.
- 2. Click the Patient Chart button and search for the patient.
- 3. Click History.
- 4. Select the Birth Info tab.
- 5. Click the drop-down arrow for Gestational Age and select from the list.

Note: The premie growth curve calculates on 36 weeks or less.

- 6. Enter measurements in Birth Measurements section.
- 7. Click Vitals/Growth and select the **Use premie growth curves** checkbox.
