

CDA Export

Last Modified on 04/01/2022 4:32 pm EDT

Version 20.16

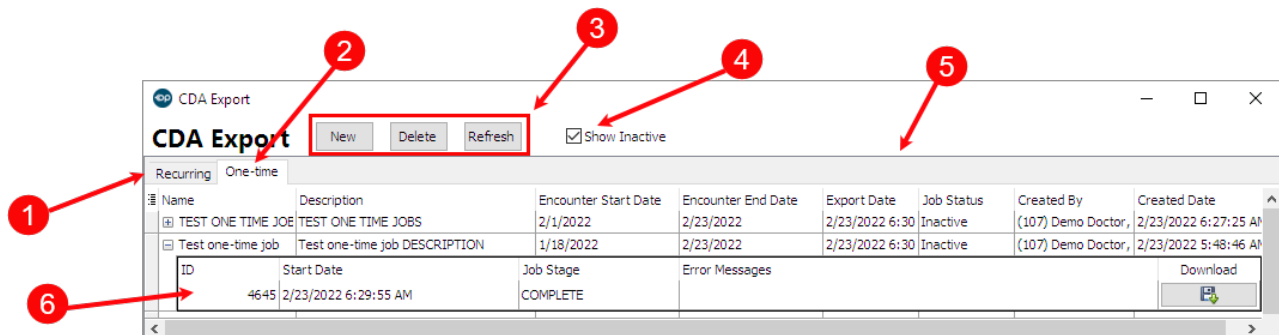

This window map article points out some of the important aspects of the window you're working with in OP but is not intended to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

About CDA Export

Path: Admin tab > CDA Export button

The CDA Export window is where users can create and view Recurring or One-time CDA Exports. Each line in the grid can be expanded to show the stage detail of the Export Job.

CDA Export Map

Number	Section	Description
1	Recurring tab	The Recurring tab displays all recurring CDA Export Jobs.
2	One-time tab	The One-time tab displays all one-time CDA Export Jobs.
3	Function buttons	<ul style="list-style-type: none"> New: used to create a new CDA Export Job. Delete: used to delete a selected job. A warning is displayed when the Delete button is clicked confirming that the user wants to delete the job and informing that all future and historical export jobs will be unrecoverable. All deletions are recorded in the Audit Log. Refresh: used to refresh the CDA Export grid.
4	Show Inactive checkbox	The Show Inactive checkbox can be selected to display inactive jobs in the grid.
5	CDA Export Grid	The CDA Export Grid displays a list of all Recurring or One-time CDA Exports in the respective tabs. It lists all of the details of the job.
6	Expanded Job	Each grid item can be expanded to display additional details of the job, including Job Stage and Error Message, if applicable. A Download button is also available to download a local copy of successful Export files.

Version 20.15

This window map article points out some of the important aspects of the window you're working with in OP but is not intended

to be instructional. To learn about topics related to using this window, see the **Related Articles** section at the bottom of this page.

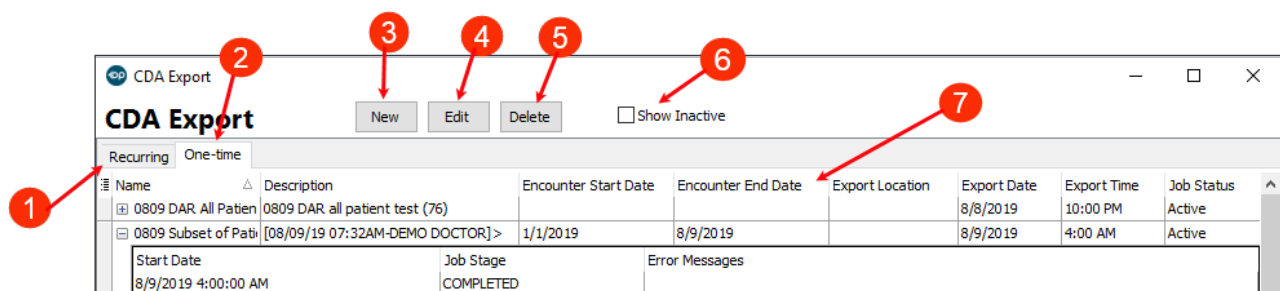

Note: This information is intended solely for clients who are participating in Meaningful Use Stage 3, or who have received the OP Automation Service for CDA Exports independently.

About CDA Export

Path: Admin tab > CDA Export button

The CDA Export window is where users can create and view recurring or one-time CDA exports. Each line in the grid can be expanded to show the stage detail of the export job.

CDA Export Map

Number	Section	Description
1	Recurring tab	The Recurring tab displays all recurring CDA export jobs.
2	One-time tab	The One-time tab displays all one-time CDA export jobs.
3	New button	The New button is used to create a new CDA export job.
4	Edit button	After selecting a job from the grid, the Edit button is used to modify the details of the job. The job type (Recurring or One-time) is the only field that cannot be edited. All edits are recorded in the Audit Log.
5	Delete button	After selecting a job from the grid, the Delete button is used to delete a job from the grid. A warning is displayed when the Delete button is clicked confirming that the user wants to delete the job and informing that all future and historical export jobs will be unrecoverable. All deletions are recorded in the Audit Log.
6	Show Inactive	The Show Inactive checkbox can be selected to display inactive jobs in the grid.
7	CDA Export Grid	The CDA Export Grid displays a list of all recurring or One-time CDA Exports in the respective tabs. It lists all of the details of the job. Each grid item can be expanded to display additional details of the job.
