

### Important Content Update Message

We are currently updating the OP Help Center content for the release of OP 20. OP 20 (official version 20.0.x) is the certified, 2015 Edition, version of the Office Practicum software. This is displayed in your software (**Help tab > About**) and in the Help Center tab labeled Version 20.0. We appreciate your patience as we continue to update all of our content.

## Can I generate PINs for multiple siblings at the same time from OP?

**Note:** The content below is only applicable to clients who are using OP version 20 or higher and who are using the new OP Patient Portal, powered by IntelliChart.

Yes. Multiple PINs can be generated at the same time for patients who share the same Family Contact by using the **Create/Validate Portal Account** button located in the Family Contacts section of the patient chart and in the Add/Edit Appointment window.
