What will happen if I do not bookmark my OP Mobile URL?

Last Modified on 12/18/2020 10:14 am EST

The content in this article is relevant to the New OP Mobile.

When your practice gets their OP Web URL you should bookmark it in your web browser. [Click here](#) for further information on bookmarking.

If you do not bookmark the URL in the recommended manner, and instead bookmark the sign in page, you may find that you must input your username and password twice before you are able to see OP Mobile. In an effort to prevent this from happening, we **strongly** encourage all OP Mobile users to follow the approved method of bookmarking to avoid this outcome.
