I implemented the InteliChart Portal for Meaningful Use, now what should I do?

Last Modified on 06/18/2020 12:22 pm EDT

You aren't alone! In fact, 250 OP Clients are already on-boarded with the InteliChart portal. Some of the features you heard about and see today, you are already using. Others will be new, and will replace the workarounds you have been using as you've had both portals running. We will be moving you to this fully operational portal by July 31st. At that time, we will then work with you as we turn off your old Patient Portal to streamline your practice and patient experience.
