What training/support exists for newly implemented practices?

Last Modified on 06/22/2020 12:56 pm EDT

We offer a fully outlined **Portal Learning Journey** on the OP Help Center.

- Practices may also purchase ILT sessions for more hands-on learning with one of our trainers.
- If there are data-related issues during implementation of your portal and the practice has questions about Data Integrity or how to complete the Configuration Survey, they can reach out to implementation via email at implementation@officepracticum.com.
- Once the practice has access to the portal, they are encouraged to reach out to OP Support if they have any support issues.
