New OP Mobile: Overview

Last Modified on 08/18/2020 2:23 pm EDT

Version 20.5

Overview

The new OP Mobile is OP's portable companion! It is an independent version of your practice's OP application with on-the-go possibilities! Constructed on a web-based platform, OP Mobile supports access to Practice schedules and crucial patient data necessary from any device with web access, allowing the flexibility to deliver care whenever and wherever needed.

If you are using the current OP Mobile app, you'll need to move to the new web-based version by November 30, 2020.

Features

With the new OP Mobile, you'll be able to:

- View a patient's current Problems, Allergies, and Medications
- View your practice's schedule by day and location
- Send secure messages
- Upload images and documents

To get started using the new OP Mobile, contact OP Support today!
