
Webinar Recording: It's Time: Rethink How You Communicate with Your Pediatric Families

Last Modified on 12/30/2021 9:26 am EST

In this recording, you'll learn:

- Why pushing communications to families has become essential to practice survival, during this time of stress
 - Creative ways practices might use communication to create lasting bonds with the families they serve
 - How to accomplish this important work with shrinking practice resources
-
