

# 2022-2023 Flu Season: External Resources

Last Modified on 10/05/2022 8:07 am EDT

Version 20.17

 The 2022-2023 Flu Vaccine Products are available as of the release of OP 20.17.17. If you need to add them into OP prior to your update to that build, see [Add a Vaccine to the Vaccine Codes Table](#)

The current influenza VIS (dated 8/6/2021) is still valid for the 2022-2023 season and will remain valid throughout the season unless significant changes are made to the CDC's recommendations.
