

Merchant Services: Which ones work with the OP Portal?

Last Modified on 09/10/2024 8:33 am EDT

- **Instamed** is the preferred vendor. However, we will work with other vendors on a case by case basis.
- If your practice uses a bank and the parents are currently accessing payments via a URL, this can be added to **custom widget** and/or **warning message** (in the **Billing** section) on the OP Portal to allow payments to be collected easily. See the pages for [Updating Custom Texts](#) or [Customizing Your OP Portal Home Page](#) for more instructions.
